Ensuring the delivery of high-quality, patient-centered care requires understanding the needs of the populations served. In accordance with federal categories and definitions, insurance companies have adopted a policy that requires the collection and recording of race, ethnic background and language preference. Suburban Pediatrics understands the sensitive nature of this information and assures you that it is kept secure and confidential in accordance with all State and Federal privacy acts.

Patient Name: _____

Patient DOB: _____

Answered by: _____

Relationship: _____

In addition to New York State's required testing of all children for lead with a blood lead test at one year of age and again at age two, assessment of risk for lead exposure should be done at each well-child visit or at least annually for each child six months to six years of age.

The questions below serve as a risk assessment tool based on currently accepted public health guidelines. Children found to be at risk for lead exposure should receive a blood lead test whenever such risk is identified.

	YES	NO
<p>1. Does your child live in or regularly visit a house/building built before 1978 with peeling or chipping paint, or with recent or ongoing renovation or remodeling? <i>Note: This could include a day care center, preschool, and the home of a babysitter or a relative.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>2. Has your family/child ever lived outside the United States or recently arrived from a foreign country?</p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>3. Does your child have a brother/sister, housemate/playmate being followed or treated for lead poisoning?</p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>4. Does your child frequently put things in his/her mouth such as toys, jewelry, or keys? Does your child eat non-food items (pica)? <i>Note: This may include toys or jewelry products that have been recalled by the Consumer Products Safety Commission (CPSC) due to unsafe lead levels: www.nyhealth.gov/environmental/lead/recalls</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>5. Does your child frequently come in contact with an adult whose job or hobby involves exposure to lead? <i>Note: Jobs include house painting, plumbing, renovation, construction, auto repair, welding, electronics repair, jewelry or pottery making. Hobby examples are making stained glass or pottery, fishing, making or shooting firearms and collecting lead or pewter figurines.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>6. Does your child live near an active lead smelter, battery recycling plant, or another industry likely to release lead, or does your child live near a heavily-traveled road where soil and dust may be contaminated with lead? <i>Note: May need to alert parent/caregiver if such an industry is local.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p>7. Does your family use products from other countries such as health remedies, spices, or food, or store or serve food in leaded crystal, pottery or pewter? <i>Note: Lead has been found in traditional medicines such as Ayurvedic medicine, liga, greta, azarcon, litargirio, and in cosmetics such as kohl, surma, and sindoor. Lead exposure risk is higher with old, imported, painted, cracked or chipped china, and in low-fired and terra cotta pottery, often made in Latin America and the Middle East.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>

If the answer to any of the above questions is **YES**, then the child is considered to be at risk for lead exposure, and this should be discussed with your provider.

Patient Responsibility Agreement

SUBURBAN PEDIATRICS
Phone: (716) 565-9030 | Fax: (716) 565-9038
www.suburbanpediatrics.com

PATIENT NAME: _____

DATE OF BIRTH: _____

We request that you assist us with the following:

- 1. Demographic Information.** It is your responsibility to provide accurate and up-to-date personal information to our office no less than annually, and also when any changes occur. Required demographic information includes a reliable residential address (not a P.O. Box) for the patient as well as reliable residential information for both parents if not residing at the same address; current telephone numbers for both parents; an emergency contact and telephone number of someone not residing with you; and a current reliable email address. An individualized form for each child is required.
- 2. Insurance Information.** It is your responsibility to provide accurate and up-to-date medical insurance information and to notify us immediately of any changes in your insurance coverage. Please note that you are personally responsible for all charges incurred. To the extent that you fail to provide timely or accurate insurance information that results in non-payment for services, or your insurance denies coverage, you will be invoiced directly and payments are expected within 30 days.
- 3. Payments.** You are responsible for, and expected to promptly pay all copayments, coinsurance payments, or unpaid deductibles at the time service is provided. The person bringing the patient in is responsible for payment. Failure to pay at the time service is provided will result in a billing fee of \$15 to cover the cost of a statement being sent to you.
- 4. Appointments.** We ask that you cancel any appointment you must change with at least 24 hour notification to our office. No-show appointments are very costly to everyone – we staff based on schedule needs and we can't see other patients who may need or want a visit at that time. Therefore, we have implemented a \$50 charge for any visit not canceled with enough notice to use that appointment slot. This means that for each patient that does not come as scheduled, a \$50 fee will be charged.
- 5. Medical Care.** Our medical providers want to provide the best possible care for your child. There may be times when the standard of care or the physician's medical judgment determines that your child needs a service or test that may not be covered by your insurance carrier. The office will make every effort to notify you when we are aware of possible coverage issues. Unfortunately, we are unable to know which insurance carriers may deny services usually covered OR services that the physician or medical provider feels are necessary for your child. You agree to be responsible for payment of any/all non-covered services rendered by Suburban Pediatrics' physicians or medical staff.
- 6. Forms.** We will provide each patient with a Health Assessment Form (HAF) at the end of their annual well visit. This form is good for one year from the date of the exam and can be used for most school, sports and camp activities. Any additional forms, special forms or motor vehicle accident forms will be completed at a charge of \$10 per form.

Patient Responsibility Agreement: Page 2

7. **Past-Due Accounts.** It is your responsibility to keep your account current with Suburban Pediatrics. A billing fee of \$15 will be added to all accounts that must be re-billed. In addition, should your account remain unpaid, it will be flagged for non-payment and you will not be able to schedule appointments until arrangements have been made to clear your outstanding balance. Any account that remains unpaid past 30 days will accrue interest at the rate of 8% per annum.
8. **Collections.** If you fail to make any payment when due, Suburban Pediatrics reserves the right to refer your account to a third party for collection. You will be responsible for all costs associated with collection, including reasonable attorneys' fees.

FINANCIAL/PATIENT RESPONSIBILITY. I have read the above and understand and accept the terms of patient responsibility. I understand that, in the case of non-payment, I will be responsible for any and all collection fees and or attorneys' fees.

Childhood Asthma Control Test (ACT): Children 4-11 Years

Name: _____

DOB: _____

Today's Date: _____

This test will provide a score that may help the doctor determine if your child's asthma treatment plan is working or if it might be time for a change.

How to take the Childhood Asthma Control Test:

- Step 1** Let your child respond to **the first four questions (1 to 4)**. If your child needs help reading or understanding the question, you may help, but let your child select the response. Complete the remaining **three questions (5 to 7)** on your own and without letting your child's response influence your answers. There are no right or wrong answers.
- Step 2** Write the number of each answer in the score box provided.
- Step 3** Add up each score box for the total.
- Step 4** Take the test to the doctor to talk about your child's total score.

19

If your child's score is 19 or less, it may be a sign that your child's asthma is not controlled as well as it could be. Bring this test to the doctor to talk about results.

Have your child complete these questions:

1. How is your asthma today?

 0 Very Bad	 1 Bad	 2 Good	 3 Very Good	SCORE <input type="text"/>
---	--	---	--	--------------------------------------

2. How much of a problem is your asthma when you run, exercise or play sports?

 0 It's a big problem, I can't do what I want to do.	 1 It's a problem and I don't like it.	 2 It's a little problem but it's okay.	 3 It's not a problem.	<input type="text"/>
--	--	---	--	----------------------

3. Do you cough because of your asthma?

 0 Yes, all of the time.	 1 Yes, most of the time.	 2 Yes, some of the time.	 3 No, none of the time.	<input type="text"/>
--	---	---	--	----------------------

4. Do you wake up during the night because of your asthma?

 0 Yes, all of the time.	 1 Yes, most of the time.	 2 Yes, some of the time.	 3 No, none of the time.	<input type="text"/>
--	---	---	--	----------------------

Please complete the following questions on your own:

1. During the last 4 weeks, how many days did your child have any daytime asthma symptoms?

5 Not at all	4 1-3 days	3 4-10 days	2 11-18 days	1 19-24 days	0 Everyday	<input type="text"/>
------------------------	----------------------	-----------------------	------------------------	------------------------	----------------------	----------------------

2. During the last 4 weeks, how many days did your child wheeze during the day because of asthma?

5 Not at all	4 1-3 days	3 4-10 days	2 11-18 days	1 19-24 days	0 Everyday	<input type="text"/>
------------------------	----------------------	-----------------------	------------------------	------------------------	----------------------	----------------------

3. During the last 4 weeks, how many days did your child wake up during the night because of asthma?

5 Not at all	4 1-3 days	3 4-10 days	2 11-18 days	1 19-24 days	0 Everyday	<input type="text"/>
